- Anthem*
- Harvard Pilgrim Healthcare*
- Cigna*
- Medicare
- NH Medicaid*
- Evolutions Healthcare Systems
- MVP
- CCN/First Health
- Three Rivers Network

*This list is subject to change at any time. *Insurance company requires a precert for MRI procedures in an outpatient setting*

Many smaller insurance companies utilize Third Party Administrators (TPA) to broaden their networks. Please have your patient review the back of their insurance card to see if their insurance company is part of a TPA network. Even if CIC participates with your patient's insurance company, they may still be responsible for the payment of any co-payments, co-insurances, deductibles, or other applicable patient balances. To ensure CIC participates with an insurance company, please have your patient contact either their insurance company's customer service department or the CIC business office.
